

Spring 2009

Dear CLC families,

I hope that you are enjoying God's grace today.

We know that many of you are currently planning your school schedules for the upcoming academic year. In an effort to help you plan, we are excited to let you know about a new partnership between Covenant Life School and the Covenant Life Music Academy.

This coming year, the Music Academy's programs will be incorporated into the end of the school day. This will provide a full music program for all CLS students, and will still be convenient for most FSP families. Please see the attached document for all of the time information.

We are excited about the opportunity that so many new students will have to grow as worshippers and as musicians by participating in choir or band. One outstanding benefit of this program is that the musical ensembles are going to grow! We always enjoy seeing the excitement and enthusiasm that comes with 60 or more students singing together. By incorporating CLS students into the Music Academy choirs, our students will really have the opportunity to make a joyful noise unto the Lord by worshipping together in ensembles that are significantly larger than we've had in the past.

We are also excited to provide an opportunity for FSP families and CLS families to work together in an educational setting. What better way to join these two outstanding educational opportunities than with a chance for our children to worship God in song and with instruments together.

Attached is a detailed question and answer sheet about our new program, along with a schedule of our offerings for next year. We have put most of the details about our program in these two documents.

Thank you for your partnership as we seek to transfer the gospel to the next generation.
